

Név	1. tárgy	2. tárgy
Aritra Sen	Electrons in Solids	Superconductivity
Balázs Péter	Concepts of fusion power generation	Magnetic confinement fusion technology
Buzás Attila	Magnetic confinement fusion technology	Theoretical fusion plasma physics
Ivan Contini Abilio	Electrons in solids	Material characterization methods
Kacz Dániel	Termohidraulika	Atomreaktorok biztonsága
Kandrai Konrád	Semiconductors	Material characterization methods
Nima Ghaffari	Electrons in Solids	Semiconductors
Sebastian Werner Schmid	Electrons in Solids	Semiconductors
Szarvas Csongor	Detection of electromagnetic radiation and particles	Radioanalytical methods
Szombathy Dominik	Magnetism	Quantum statistical mechanics
